

SVN vs. Git

Lasse Schneider

WPS –Workplace Solutions

Kontroverse

Versionierung

A black and white photograph of a spider on its web. The spider is positioned in the lower-left quadrant, facing towards the right. The web is a complex, multi-layered structure of fine threads, with many points where the threads intersect, creating a dense, intricate pattern. The background is dark, making the web and the spider stand out. The word "Zentral" is overlaid in a bold, yellow, sans-serif font, centered horizontally and slightly above the vertical center of the image.
