

Christian Robert

Developer Karma

How to be a happy developer. Now!

Christian Robert

Who am I?

Manager Technology at SapientNitro Cologne

Developer, Solution Architect, Team lead,
Requirements Engineer, ...

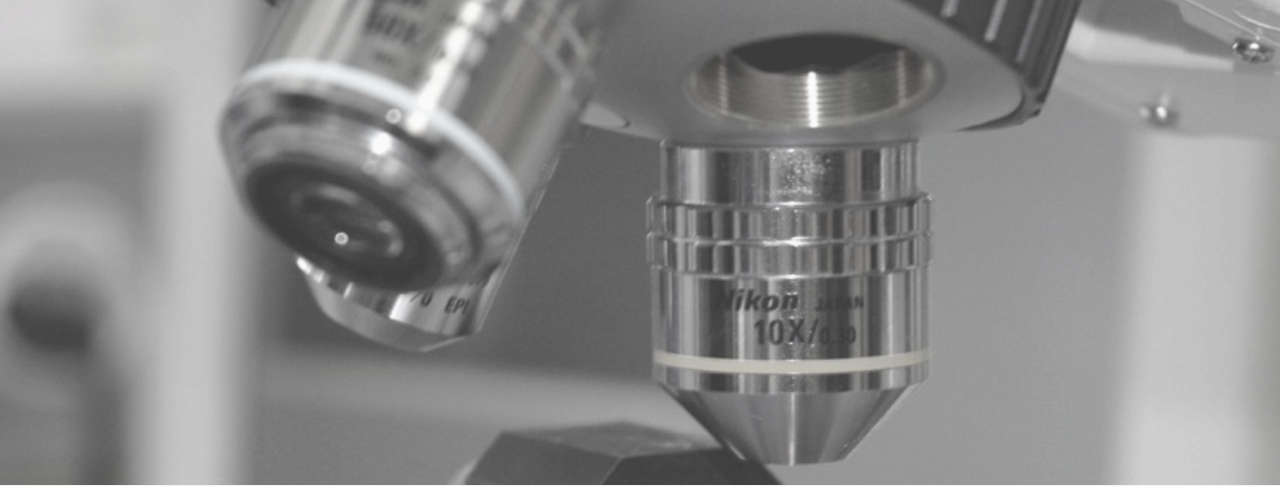

What is all this about?

What can I take home?

Analysis

Personal factors vs. external factors

Personal factors

Expectations vs. reality

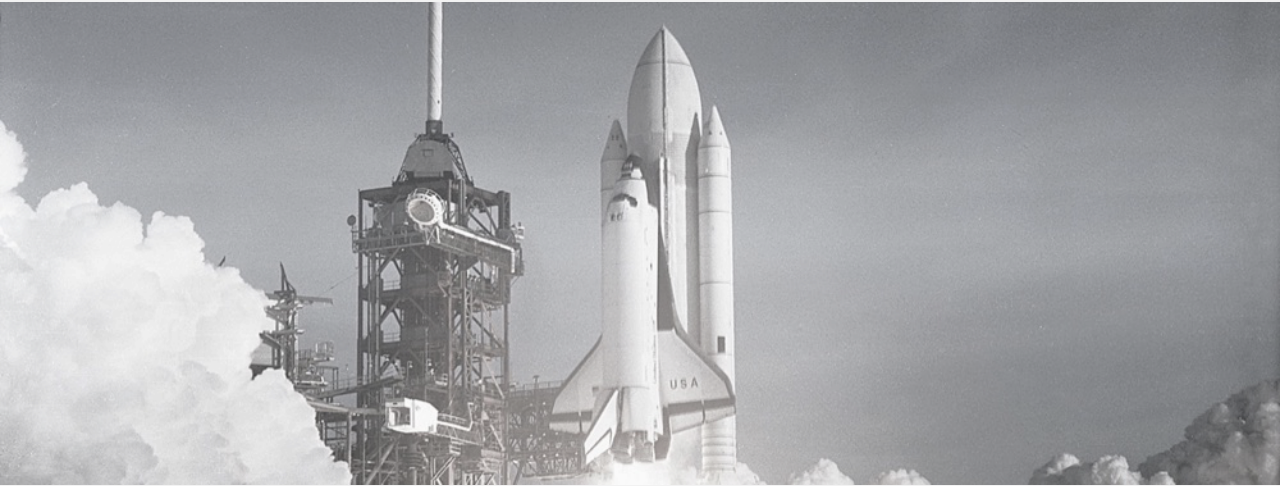

Personal factors

Hobby vs. career

Personal factors

Looking for the right things

Personal factors

**Am I really a rocket
scientist?**

Personal factors

The unknown star

Personal factors

**Legacy development vs.
the latest fancy stuff**

Personal factors

Career planning

Personal factors

Pride and fear

Personal factors

Fatalism

Personal factors

Workaholic

Personal factors

Embracing change

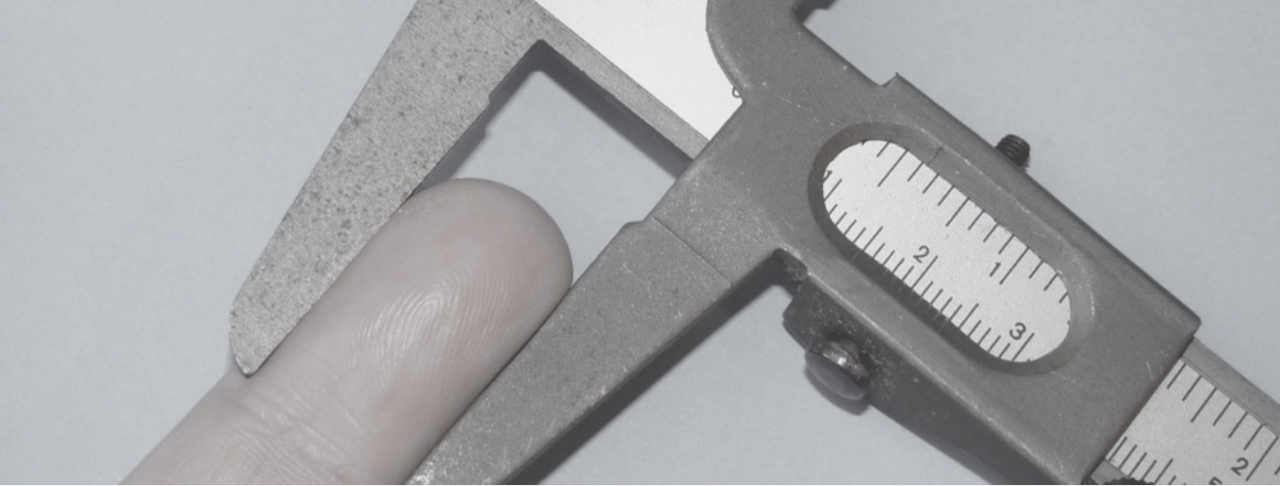

External factors

Perceived pressure

External factors

Missing communication

External factors

Real (work) pressure

External factors

Peer pressure

External factors

**Not all problems are your
problems!**

Wrapup

Being happy is a choice!
